NINGBO ENGG AUTO PARTS CO.,LTD

**ENGG** is the trusted brand of Ningbo Engineering, which is the symbol of stable quality and guaranteed service.

At this moment, we are doing regular business with more than 20 countries, such as United states, Canada, and Europe countries.

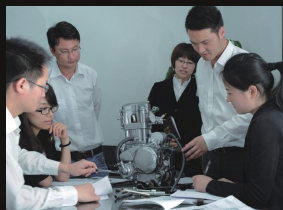

# COMPANY PROFILE

Ningbo ENGG is located in the seaport city of Ningbo, and in the center of the motorcycle spare parts industrial zone. It is 220 Kms from Shanghai. Whether by sea or by air, goods can be shipped very quickly and delivered to any destination in the world.

ENGG was established in 2006. We mainly deal in three product series of cylinder kits, clutches, and brake parts. Based on more than 10 years of experience in the field, we have grown into a professional one-stop motorcycle parts supplier. ENGG as a manufacturer with independent R&D capabilities, four production lines of cylinder and gasket kits with an annual output of up to 2 million pieces, can provide you with high-quality OEM/ODM customized product. ENGG strictly implement ISO9001:2015 and SGS verified, and have comprehensive testing equipment to control quality. Besides, for new products, we carry out inspections through self-purchased vehicles to ensure the stability of product operation. We actively explore the global market and have exported our products all around the world such as America, Europe and Asia.

ENGG also have a group of sales and service teams proficient in multiple languages. Besides, we place great emphasis on honest service. We strictly abide by non-disclosure agreements and exclusive supply agreements for all new products developed for our clients. In order to support customers' purchasing plans in China, our warehouse is open to all clients to provide warehousing services.

Contact us 24x7; our customer service team will quickly handle and answer any questions you may have.

# CYLINDER KIT

Come with a complete cylinder kit, easy to install.

Piston rings are of OEM standard.

Piston material is AC8A with a T6 hardening and tempering.

Cylinder is made from premium aluminum alloy material, durable and reliable, assist in improving the thermal efficiency, supporting the piston and reducing friction and leakage.

## CYLINDER KIT

Come with a complete cylinder kit, easy to install.

Piston rings are of OEM standard.

Piston material is AC8A with a T6 hardening and tempering.

Cylinder is made from premium aluminum alloy material, durable and reliable, assist in improving the thermal efficiency, supporting the piston and reducing friction and leakage.

# SEMI-METAL.

100% asbestos free.

Material: Non-Sintered / Ultimate upgrade for OE semi-metallic.

Ensure excellent stopping power without noise and rotor wear, low dust.

High temperature resistance, fast heat dissipation and sensitive brake.

Excellent initial efficiency and extremely fast run-in period.

## CERAMIC

Have the right balance ceramic fiber, making them the best option for low heat during long rides. The compound effectively absorbs the vibration which causes the breaking noise.

## SINTERED

Better fade resistance, a longest life. good performance in extreme riding conditions such as mud, race and utility application. High friction, pressure sensitivity and strong, predictable brake response. Steadiness, no squeak.
